March Association Meeting

This month's Hillandale Neighborhood Association meeting will take place on Wednesday, March 26, at 8 pm. As usual, the meeting will be held at the CHI Centers. This month's meeting will focus on the progress and status of the **FDA Research Facility**. Representatives from all participating groups will be present.

Citizens' Association Officers

It is time to think about Nominations for the Hillandale Citizens' Association Officers for next year.

A nominating committee consisting of Kevin Balfe, Betsy Bretz and Greg Daniel has been formed to seek candidates for officers for the Hillandale Citizens' Association for next year, starting in June. If you want to have an input into the activities of the Association, or know someone who is interested, please call 301 434-1707 or leave a message on our web page.

Hillandale Directory

In spite of our best efforts, not everyone has yet received the new directory. Problems with the printing delayed the directories, and then, on the weekend that most of the rest were to have been delivered, we had 18 inches of snow. With reasonably good weather we should have them all out before the end of March. We thank you for your patience.

CRIME PREVENTION BEGINS AT HOME

At the January Hillandale Citizens Association meeting, MCPD's Officer Joy Patil discussed various safety issues of interest to the community. With the recent report of a stolen vehicle in our neighborhood, residents should review some of the basics provided by Officer Patil to avoid being a victim of a car theft

MARYLAND

"Watch Your Car" Program

1. Do not leave your car running and unoccupied--even just to run inside for a minute or let it warm up.

2. Lock your car (especially if it holds the garage door opener) when parked, even in your driveway.

3. Consider joining the Watch Your Car Program. This voluntary program allows police to stop your car while being driven between 1 a.m. and 5 a.m. Since this is the prime time for car thefts, thieves can be more easily caught. If you are interested in signing up, check the Montgomery County Police website and click on Auto Theft, or call the police non-emergency number at 301-279-8000.

4. Consider purchasing additional anti-theft devices, especially if you use large, unsecured parking lots.

Officer Patil explained that most residential car thefts occur in large parking areas like apartments or condos. Also, MCPD does not provide news reports of individual car thefts to the media on a regular basis because of the large number of car thefts. So, just because you don't read it in *The Gazette* doesn't mean it isn't happening.

And as always, if you see anything suspicious, call: **301-279-8000**, or if you see a crime in progress, call **911**.
