### Vandalism Problems in Hillandale

During the past few months there have been a number of acts of vandalism that have occurred in the neighborhood of Cresthaven Elementary School. These include break-ins at the school, several neighboring houses, destruction of mail-boxes and the setting of two fires. There have been other acts reported in the Rodney-Parkman Road area as well.

A number of teenagers have been reported loitering in this area and it is suspected that these activities are related. If you do observe such a group, call the Montgomery County Police at 301 279-8000 to report the observation. The police will then investigate and determine an appropriate course of action.

### NOTE: TO WALKERS AT MEANY

Construction will begin soon on the George Meany Center—National Labor College Campus where a number of Hillandalers walk recreationally. Starting in November, heavy equipment will arrive for the first phase of the project- a new dormitory. This building will be located behind the current "chapel" building and excavation will occur within a few feet of the "back" roadway—behind the buildings. Pedestrians will be restricted from this area for the duration of construction. The college asks walkers to please keep to the front driveway area until further notice.

## SCHOOL FUNDING UP DATE

The Montgomery County Board of Education will take action on the MCPS school construction budget in November. The Cresthaven PTA is testifying at the Board's hearing on November 12/13 in support of several crucial projects for our neighborhood, including:

- \* To relieve overcrowding, construction of the new elementary school at Brookview, complete with a gym, is needed. Funding is requested to keep the scheduled September '06 opening date.
- \* Funding for additional classrooms for the new school to support the class-size reduction initiative and reduce/eliminate portable classrooms at the new school on opening day is sought.
- \* Funds for Cresthaven's full modernization, including a much needed gym are requested. Cresthaven NEEDS to be modernized ! With this budget, a September '09 completion is now scheduled.

The modernization of Key Middle School is also contained in the budget request. MCPS anticipates that if funded, the modernization will be complete for a September '09 opening.

Your support for funding of these projects can be sent to [boe@fc.mcps.k12.md.us](mailto:boe@fc.mcps.k12.md.us) Following the Board's action the budget goes on to the County Executive and County Council. Additional support will be needed when County Council decides final funding and scheduling for all County capital projects next year.
